

CertainTeed  
2009 Siding Collection

Vinyl & Polymer Siding

A TRADITION OF TRUST  
AND LEADERSHIP

# Welcome

to the Siding Collection.

For over 100 years, homeowners and building professionals have trusted CertainTeed for the highest quality building products and setting the standards for the most exciting innovations in style and performance.

CertainTeed's long-standing commitment to innovation, quality and service is firmly rooted in our founding philosophy – Quality made *Certain...* Satisfaction *Guaranteed* – A commitment we take as seriously today as we did a century ago.

We are proud to offer the expansive CertainTeed and Wolverine product selection, providing you the best and most comprehensive line available in the market today. CertainTeed and Wolverine offer an industry-leading array of colors, styles, performance and customizing options that help make them the brands of choice with building professionals. One complete product line – two great brands.

**CertainTeed**   
Quality made certain. Satisfaction guaranteed.™

# OVERVIEW

CertainTeed is the acknowledged leader in vinyl & polymer siding, setting the standard for the industry. As such, we take seriously our commitment to continue to provide innovative, quality products from a company of proven trust.

## First In Brand Use

Year after year, CertainTeed Siding has been **Rated #1 in Brand Use** by remodelers, builders, architects and consumers.

## First In Color With Lifetime Fade Protection

CertainTeed offers an industry-leading spectrum of colors including unique, darker shades and semi-transparent stained blends for virtually unlimited design possibilities. Utilizing the **PermaColor™ System** – a blend of our own Certavin™ resin, superior micro-ingredients and state-of-the-art pigment chemistry – CertainTeed guarantees Lifetime Fade Protection on our vinyl siding, as well as impact resistance and durability. With CertainTeed siding, you'll never need to paint and you can

rest assured that your home will stay beautiful for years to come.

## First In Style

CertainTeed siding is available in a wide choice of styles that complements any architectural design. Each has a unique look based on designs common to diverse geographic areas and historical periods.

CertainTeed was the first to produce siding utilizing a direct transfer system from real cedar boards for natural **TrueTexture™** finishes. Combined with CertainTeed's Vinyl Carpentry™ and Restoration Millwork®, the look of true wood craftsmanship can be created with siding and decorative trim products.

## First In Performance

CertainTeed siding was the first designed to perform under high wind conditions through proprietary **RigidForm™** technology. The concept is based on a rolled-over nail hem design that creates a reinforcing spine.

## First In Installation Innovation

CertainTeed is the only siding engineered to include an integral installation guide on each panel. The patented\* **STUDfinder™** Installation System is designed to help ensure a precise installation for optimum siding performance.

### Protection Against Hidden Dangers

Precise installation contributes to wind load performance, and helps avoid nailing into anything located between the studs, like plumbing or wiring, that could create a number of dangers.

Possible outcome without STUDfinder

### Accuracy and Quality

STUDfinder is engineered to align nail slots precisely with construction standards, with indicator letters centered under each nail slot to make it easy to locate studs and help ensure accuracy.

With STUDfinder

\* Patent numbers:  
6,625,939; 6,679,011; 6,715,240

Siding: Double 7" Straight Edge Rough-Split Shakes in rustic blend.

**THE NATURAL LOOK  
OF CEDAR SHINGLES**

Designed for whole house applications or accents,  
 Cedar Impressions® offers natural looking cedar shingle siding  
 without the expense and heavy maintenance of wood.

## The Ultimate in Beauty and Performance

- ◆ Six classic styles:
  - Triple 5" Straight Edge Perfection Shingles
  - Double 7" Straight Edge Perfection Shingles
  - Double 7" Staggered Perfection Shingles
  - Double 7" Straight Edge Rough-Split Shakes
  - Double 9" Staggered Rough-Split Shakes
  - Double 6-1/4" Half-Round Shingles
- ◆ Patented PanelThermometer™ for precise installation.
- ◆ TrueTexture™ finish molded from real cedar shingles.
- ◆ Designed and tested to withstand hurricane force winds.
- ◆ Made of injection molded, durable polymer.
- ◆ Perfection and Half-Round Shingles are .100" thick with 3/4" panel projection.
- ◆ Rough-Split Shakes are .125" thick with 1" panel projection.
- ◆ Molded Perimeter Lock™ helps create a virtually seamless appearance.
- ◆ 3 new Naturals colors
- ◆ Up to 31 low-gloss colors with a wide variety of coordinating trim.
- ◆ Virtually maintenance free, never needs painting.
- ◆ Lifetime limited warranty.

## Engineered for Performance

Reinforced nail slots assure secure installation.

Molded Perimeter Lock™ creates a seamless look and holds panels securely together.

Ribs on the back of the panels add structural stability for extra protection against warping, cupping and distortion.

Extra-thick, durable polymer.

The patented **PanelThermometer™** and temperature lines are designed to ensure precise installation.

Double 7" Straight Edge Rough-Split Shakes in buckskin.

**Siding:** Double 7" Straight Edge Perfection Shingles (1st floor) and Double 7" Staggered Perfection Shingles (2nd floor) in mountain cedar.

**Accents:** Half-Round Shingles in spruce and suede.

**Trim:** Vinyl Carpentry™ & Restoration Millwork®.

Siding: Northwoods Single 7" Straight Edge Rough-Split Shakes in sable brown.  
Trim: Vinyl Carpentry™ & Restoration Millwork®.

**THE AUTHENTIC  
LOOK OF MILLED  
CEDAR SHINGLES**

Ruggedly beautiful, Northwoods® faithfully recreates the natural textures and variable patterns of cedar shakes and shingles.

## Ideal for Many Architectural Styles

- ◆ Three authentic profiles:  
Single 7" Straight Edge Rough-Split Shakes  
Single 9" Staggered Rough-Split Shakes  
Single 10" Random Hand-Split Shakes
- ◆ TrueTexture™ finish molded from real cedar shingles.
- ◆ Random shingle patterns provide the look of hand-split cedar.
- ◆ Deep tapered shingle gaps for a beautiful, distinct look.
- ◆ A selection of up to 17 low-gloss colors with a wide variety of coordinating trim.
- ◆ Designed to coordinate with other CertainTeed siding styles.
- ◆ 10' panel length.
- ◆ 1" panel projection.
- ◆ .050" thick, sturdy vinyl.
- ◆ Virtually maintenance free, never needs painting.
- ◆ Class 1(A) fire rating.
- ◆ Lifetime limited warranty.

Single 7" Straight Edge Rough-Split Shakes in flagstone.

Single 7" Straight Edge Rough-Split Shakes and Single 9" Staggered Rough-Split Shakes available in all colors.

\*Single 10" Random Hand-Split Shakes

Single 9" Staggered Rough-Split Shakes in flagstone.

## TrueTexture™ Finish

Molded from real cedar shingles.

### Distinctive Exteriors

Northwoods can be combined with other CertainTeed siding styles, textures and shapes – an ideal option for creating accent areas or highlighting special architectural features.

Single 10" Random Hand-Split Shakes in light maple.

Monogram Double 5" Dutchlap in savannah wicker and Northwoods Single 7" Straight Edge Rough-Split Shakes in savannah wicker and barn red.

### Northwoods... Beauty Without the Work

Better than wood, Northwoods keeps its natural look for many years.

Never requires painting or costly upkeep.

Won't rot, crack or split like wood can.

**THE PERFECT BALANCE  
OF BEAUTY AND  
PERFORMANCE.**

**Siding:** CedarBoards Double 6" in arbor blend with Cedar Impressions Double 7" Staggered Perfection in natural clay.  
**Trim:** Vinyl Carpentry™ & Restoration Millwork®.

**CedarBoards™ Insulated Siding provides the added strength and thermal benefit of rigid foam insulation with easy maintenance.**

- ◆ Four traditional styles:  
Double 6" Rough Cedar Clapboard  
Single 7" Rough Cedar Clapboard  
Double 4" Rough Cedar Clapboard  
Double 4-1/2" Rough Cedar Dutchlap
- ◆ Custom contoured foam provides strength and rigidity for outstanding impact resistance.
- ◆ Thick rigid foam backing increases R-value up to 22%.

TYPICAL HOUSE WALL R-18

TYPICAL HOUSE WALL WITH CEDARBOARDS R-22

- ◆ Prevents air infiltration to inhibit drafts.
- ◆ Absorbs sound for reduced exterior noise infiltration.
- ◆ Compensates for minor wall imperfections.
- ◆ Insulation treated with fire retardant and insect repellent – contains no ozone-depleting chemicals.
- ◆ TrueTexture™ rough cedar finish molded from real cedar boards.
- ◆ Patented STUDfinder™ is designed for accurate and secure installation.
- ◆ Designed and tested to withstand hurricane force winds.
- ◆ DuraLock™ post-formed lock design.
- ◆ Up to 18 low-gloss colors with a wide variety of coordinating trim.
- ◆ 3/4" panel projection.
- ◆ .044" thickness.
- ◆ Virtually maintenance free, never needs painting.
- ◆ Lifetime limited warranty.
- ◆ Double 6" and Single 7" works with CedarBoards™ XL longer length siding.

# Board & Batten

Siding: Board & Batten and Cedar Impressions  
Double 7" Straight Edge Perfection in granite gray.  
Trim: Vinyl Carpentry™ & Restoration Millwork®.

## THE TRADITIONAL LOOK OF ALTERNATING WIDE AND NARROW CEDAR BOARDS

Board & Batten vertical siding recreates the historic charm and rustic cedar look of a centuries-old siding style originally applied to log-built homes, barns and other early American structures.

- ◆ Ideal for whole house or accent applications.
- ◆ 6-1/2" board with a 1-1/2" batten creates an 8" wide panel with the widest vinyl board span.
- ◆ Flat face board design results in a straight, even surface.
- ◆ Straight-edged battens for a sharp, carpentered look.
- ◆ 1/2" batten height.
- ◆ Available in two convenient lengths: 12'6" or 10'.
- ◆ 12'6" panels are 2'6" longer than competitive panels, offering installation and aesthetic advantages.
- ◆ TrueTexture™ rough cedar finish molded from real cedar boards.
- ◆ 12 low-gloss colors with a wide variety of coordinating trim.
- ◆ .048" premium thickness.
- ◆ Virtually maintenance free, never needs painting.
- ◆ Class 1(A) fire rating.
- ◆ Lifetime limited warranty.

### Sharp Batten Edge

The straight-edged design of the batten creates a finely crafted, real-wood look.

### Flat Face, 6-1/2" Board

CertainTeed's 6-1/2" board span is the industry's widest, and is designed to have a straight, even face with a flat surface for a true cedar board appearance.

### Premium .048" Thickness

Board and Batten panels have a thickness of .048" for the ultimate in strength and durability.

### TrueTexture™ Rough Cedar Finish

Molded from real cedar boards.

Siding: Carolina Beaded in heritage cream.  
Accents: Cedar Impressions Double 7" Straight Edge Perfection Shingles in colonial white.

Vinyl Carpentry™  
SOFFIT & VERTICAL SIDING

TRIPLE 3-1/3" SOFFIT

Siding: Cedar Impressions New Double 7" Straight Edge Perfection Shingles in buckskin.  
Soffit: Triple 3-1/3" InvisiVent in colonial white.  
Trim: Vinyl Carpentry™ & Restoration Millwork®.

**Triple 3-1/3" InvisiVent® Soffit has the highest ventilation performance of any vinyl soffit available today.**

**Proper Ventilation is Vital**

Protection against damage to the roofing materials and structure increase comfort inside the home and energy savings.

Triple 3-1/3" InvisiVent

Triple 3-1/3" InvisiVent offers at least 50% more ventilation than most standard vinyl soffit, providing more than 10" of net-free intake area.

This means that not only will InvisiVent provide a balanced ventilation system, but will do so with an overhang as short as 10".

**The Air Balance System**

Experts agree that the most effective system is a balance of air intake and exhaust that creates a uniform flow of air through the attic.

This system creates a condition in which the roof temperature is equalized from top to bottom, supplying a uniform air flow along the entire underside of the roof deck.

**Hidden vents provide a smooth, flat non-perforated surface versus most vented soffits with unsightly perforations.**

Triple 3-1/3" InvisiVent

Standard vented soffit

**Triple 3-1/3" Solid – Perfect for Vertical Siding Applications, Too.**

Solid Triple 3-1/3" panels are the ideal solution for accent areas where a vented panel is not necessary. The flat face design creates a straighter panel with the look of smooth, painted wood. Deep dovetails between panel faces contribute extra rigidity, while forming a clear, sharp edge that is pleasing to the eye.

## Beaded Triple 2"

- Wainscot style in solid and invisibly vented.†
- Designed for vertical siding, porch ceiling and soffit applications.
- Smooth finish of professionally applied paint.
- Extra-long slip-lock design helps provide secure installation.
- 8 select low-gloss colors.
- .039" thickness.

## Triple 3-1/3"

- ◆ InvisiVent® and solid styles.†
- ◆ The only vinyl soffit to provide more than 10 inches of net-free intake area.
- ◆ Concealed intake vents provide a smooth appearance.
- ◆ Matte finish looks like freshly painted wood.
- ◆ Deep 3/4" panel projection creates sharp definition.
- ◆ Heavy-duty .044" thickness for rigidity.
- ◆ Available in 12 popular low-gloss colors.

## Ironmax™ Double 5"

- ▲ Solid and fully vented styles.†
- ▲ Extra-thick .046" construction for optimum strength and flat face appearance.
- ▲ Designed for vertical siding, porch ceiling and soffit applications.
- ▲ Unique post-formed lock design helps ensure secure installation.
- ▲ 23 low-gloss woodgrain colors.

## Universal Triple 4"

- Solid, fully vented and center vented styles.†
- Designed for vertical siding, porch ceiling and soffit applications.
- Matte finish.
- Post-formed lock design helps provide secure installation.
- 37 low-gloss color choices.
- .040" thickness.

† NOTE: Vented soffits are for soffit use only.  
Center vented soffits available in Colonial White and Snow only.
